

Checklist for guests

1. What do I have to mind when travelling to Kiel?

- Please show us a negative Covid-19 test result (antigen, not older than 24 hours or PCR, not older than 48 hours). You must do the test before your arrival.
- If you are vaccinated completely (two vaccinations and at least 14 days since your last vaccination) or recovered from Covid-19, you do not have to show us any test result. Please show us your vaccination certificate or a verification of recovery (positive PCR test, at least 28 days ago, not older than 6 months) instead.
- Everyone older than 6 years must bring a test result.
- Please ask your host about current information before your arrival.
- Read the information and notes provided by the travelling destinations.

2. What is important when staying at a restaurant?

➤ Indoor:

- Please show us a negative Covid-19 test result (antigen, not older than 24 hours or PCR, not older than 48 hours). You must do the test before your arrival.
- If you are vaccinated completely (two vaccinations and at least 14 days since your last vaccination) or recovered from Covid-19, you do not have to show us any test result. Please show us your vaccination certificate or a verification of recovery (positive PCR test, at least 28 days ago, not older than 6 months) instead.
- Mind the contact restrictions: 25 people maximum. You do not count, if you are under 14 years old, vaccinated or recovered.
- We recommend to wear a mask (ffp2 or medical), if it is not possible to keep distance.

3. Where can I do a Covid-19 test?

- You can find a list of all test centers in Kiel and surroundings here: <https://bit.ly/2RK630m>
